Granny and Pops? Nanny and Grandad? Grandma and Grandpa? What are the grandparents in your family called? Who named them and why? This study of English-speaking families in the UK explores whether styles of grandparenting and kinship relations are reflected in the names people use. We're also interested in whether lines of descent (mum's mum or dad's dad) affect the way families relate to one another.

At the moment, we're looking for grandparents and parents of grandchildren
