

# Call For Participants

Investigating the role of  
attention and how it affects  
every day perception

30 min(s) to complete

Sincere Gratitude

Experiment

Online

University of Westminster

The experiment comprises of 2 computerised experiments, which take 15 minutes each (30 minutes in total). Both experiments consist of you looking for a target item on the screen and deciding as quickly as you can whether it is there or not.

The 3 experiments differ in the sort of targets you will be looking for. In addition, you will be asked to fill out a questionnaire before the experiment.
