## Televising Childbirth

90 min(s) to complete

£10 Shopping voucher

focus group

Nottingham, UK

University of Nottingham

We want to hear women's views on childbirth shown on television. If you have views to share, we would like to invite you to take part in a focus group.

We've seen an increase in birth on television, with shows like One Born Every Minute, but we don't yet know how this might impact on women's experiences of labour and birth.

The focus group will help us develop the next steps in the research.
