Call For Participants

First time fathers experience of disclosure and help seeking for depression

10 min(s) to complete

£20 Amazon voucher if participants complete follow-up interview

Online questionnaire (5-10 mins) and follow-up interview (60-90mins)

Online

Royal Holloway University of London

We would like to hear from first time fathers who have a child under 2 years, who have experienced low mood or depression. We would like to better understand their experience and potential barriers of disclosing to others, and seeking help/support.

The study requires participants to complete an online questionnaire (5-10minutes). Participants will also be asked to complete a follow-up interview with the researcher, for which they will be compensated with a £20
