Immune system markers,
training and oral health in
athletes

5 week(s) to complete

Entered into draw to win one of
ten £30 Wiggle vouchers and 5
hours of research credits are...

Experiment

Birmingham B15 2TT, UK

University of Birmingham

We are looking for triathletes, runners, cyclists and swimmers in and around Birmingham. We are investigating markers that may be useful in monitoring athletes who are at risk of overtraining and vulnerable to infection. Athletes will record a training diary and daily log of general well being over a 5 week period, provide daily saliva samples over 15 consecutive days and undergo a free oral health check-up at the UoB Dental school. It is expected to take around 5 hours over the 5...
