

# Call For Participants

Scale Validation Survey II  
(Adults, Worldwide,  
psychiatric disorder)

25 min(s) to complete

None

Online Questionnaire

Online

California State University San Marcos

A self-report questionnaire is being developed for people with various psychiatric diagnoses. This study aims to examine if this questionnaire is measuring the phenomenon of interest. We hope that our research will lead to further research and potential clinical applications. You must have a formal psychiatric diagnosis, be fluent in English, and be at least 18 years of age to participate. This study is open to US and non-US residents.
