The challenges and opportunities of online instruction

35 min(s) to complete

Sincere Gratitude

Interview

Online

The Open University

The purpose of this study is to collect insights about the unique opportunities and challenges of online instruction from educators who work with online learning environments. In particular, this study is looking at learner interaction, self-regulated learning and the emotional life of learners online. The interview takes approximately 30-45 minutes and is more a conversation about the instructor's experiences.
