What will my Baby be Like?

45 min(s) to complete

Prize draw

Online Questionnaire

Online

Lancaster University

We are running an online study with expecting mums at 28-35 GA.

In this study we are asking what influences our predictions about our babies' personality before they are born.

In the study we will ask mums to record your baby's activity for approximately 30 minutes.

We will also ask mums to fill out a questionnaire about your baby's expected personality once they're born.

To take part:
