

# Call For Participants

## Computerized Intervention for Bulimia Nervosa and Binge Eating Disorder

1 month(s) to complete

30€ reimbursement, a self-help  
book, and transport expenses

Experiment

Denmark Hill, London, UK

King's College London

I'm interested in exploring new ways of targeting the experience of loss of control over eating, and looking at potential mechanisms that might be involved in maintaining disordered eating. My research will thus involve testing a new computer-based intervention, which we hope will help tackle these experiences, as well as measuring brain mechanisms using the non-invasive EEG technique.
