

Call For Participants

The impact of special measures on jury decision-making

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of York

This study is interested in how people perceive victims of crime and how they make decisions in situations involving a crime.

Participants are asked to complete a questionnaire that measures their levels of empathy. Then, they are presented with a case study of an assault. They are asked to read it carefully as they will be instructed to make some decisions and answer a few questions
