Shared-Decision Making & Satisfaction with Decisions in Veterinary Practice

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Royal Veterinary College University of London

I am a current final year veterinary student conducting research on effective communication tools in the veterinary field. Data from this short survey will be collected and analysed to investigate how involved clients get with their veterinary surgeons, with regards to making decisions about their pets health and how satisfied they are with those decisions made. This research is being carried out in order to improve client-veterinary surgeon communication and relationships.
