## Exploring Eating Behaviour in Boarding School Graduates

60 min(s) to complete

Sincere Gratitude

Semi-structured interview

Online

University of Essex

The purpose of the research study is to explore the experiences of individuals who have attended boarding school. The research will focus on the individual's experiences prior to school within the family setting, during school including reflections on experiences in relation to food and eating behaviours.

**Inclusion Criteria:** Participants must be over 18 years old and have attended a private boarding school. Please enquire for further details.
