The Relationship between Personality and Learning Styles in the Workplace

20 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of Wolverhampton

This study looks at the relationship between personality and learning styles within the workplace. The aim is to look at working adults to see whether or not there is any relationship between their personality and their learning style, and if there is, then where and what is this connection. This study consists of one learning styles questionnaire and one personality questionnaire. Both of these should in total take approx 15 - 20 mins to complete, whereby there are no right or wrong answers.
