The Role of Stakeholder Engagement in the Diffusion of XBRL in the UAE

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of Dundee

The purpose of my research is to investigate the level of awareness of XBRL (eXtensible Business Reporting Language) among stakeholders in the United Arab Emirates (UAE) and what influences this. It also examines the extent of stakeholder involvement in the diffusion of XBRL in the UAE and what role government regulatory agencies play in this diffusion. All questions will seek your personal opinion and experience about the XBRL adoption and implementation in the UAE.
