Fashion Retailers and
Sustainability

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

Leeds Beckett University

This is a survey on fashion retailers and sustainability. We aim to establish to what extent consumers know about some sustainability policies in the fashion industry and how they use and evaluate these policies. We use H&M as a case study. More info on the study is available on the direct link. The study is done by two scholars and one UG student who is writing a dissertation.
