Interview

Warren St, Fitzrovia, London, UK

Arup

This study looks at the interaction between people experiencing Depression, Anxiety, Bipolar Disorder, Autism, Psychosis (hearing voices, hallucinations) and the environment. We are specifically looking at behaviours that people may have, and the needs that the built environment is not meeting at the moment. We are exploring office spaces, healthcare spaces (hospitals, GP surgeries), airports. Calling for participants for 1 to 1 interviews, who experience one or more of the above conditions
