

Call For Participants

Physiology of Habit Learning

5 hour(s) to complete

£50 reimbursement for time

Experiment

Warneford Ln, Headington,
Oxford OX3 7JX

University of Oxford

We are looking for volunteers to improve our understanding of how people learn habits. The study involves three visits to the Department of Psychiatry at the Warneford Hospital (each visit takes 1 to 1.5 hours) and daily online tasks between two of the visits (takes about 15 minutes each, can be completed at home). During these visits, you will be asked to complete a simple computer-based task and some questionnaires about your mental wellbeing.
