Interview

San Diego, CA, USA

Alliant International University

Some people have traumatic responses to different experiences throughout their lives. We are looking for individuals ages 18-65 to participate in a 2-3 hours study regarding these experiences and your responses. You will be asked to fill out some questionnaires and assessments. You must be currently experiences symptoms related to a traumatic experience to participate. (examples: avoiding people/places that remind you of the event, having nightmares, or change in mood/behavior after the event)
