Online Questionnaire

Online

Bishop Grosseteste University College

With the outbreak of the COVID-19 global pandemic, life as we know it has changed in the UK. To assess these changes, this online questionnaire asks questions on lifestyle, mental health, COVID-19 and pet ownership (if you have a pet). More specifically, the questions will be about living arrangements, exercise, employment, wellbeing, previous life events, anxiety and depression. It will take you 20-30 minutes to complete.
