

Call For Participants

The effect of extra virgin olive oil (EVOO) on brown adipose tissue (BAT)

60 min(s) to complete

£20 Amazon Voucher

Experiment

Derby Rd, Nottingham NG7 2UH,
UK

University of Nottingham

The study aims to increase our knowledge about how brown fat is controlled. Brown fat is a special tissue in the body which produces heat and may help people avoid becoming overweight. We are interested in whether Extra Virgin Olive Oil in the diet affects how active BAT is
