

Call For Participants

Childhood experiences of
women who are currently
classified as 'obese'.

60 min(s) to complete

Sincere Gratitude

Interview

N Common Rd, London W5 2QB,
UK

Metanoia Institute

You are invited to participate in a study investigating the relationship between childhood experiences and obesity among women. I would like to hear about what you think is important in your early life story and explore the relationship between these early experiences and weight. The aim of the research is to try to broaden the understanding of obesity to include personal history and psychological influences.

I would like hear you story! (interviews can be conducted online)
