## Facebook Activity and Perceived Attractiveness - Part 2

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

University of Liverpool

Previous research has found that people use social media for multiple purposes, including to promote oneself to others. We are interested in investigating whether this self-promotion works- are those who use social media intensively perceived as more attractive by others. We are also interested in the role of personality (namely, the Dark Triad; Machiavellianism, narcissism, and psychopathy) in the intensity of social media use, and its relationship to perceived attractiveness.
