

Call For Participants

Environmental farming advice
surrounding water pollution

10 min(s) to complete

Prize draw

Online Questionnaire

Online

University of Exeter

This online survey aims to explore how you feel about the Catchment Sensitive Farming scheme and water pollution from farming, and how useful you think current advice is. We will also ask whether you believe farming advice should be free and how your expectations of advice would change if you were to pay for it in future.

We expect this survey to take 5-10 minutes to complete.
