Neurodiversity in Higher Education: What are the key questions?

10 min(s) to complete

Sincere Gratitude

Online Questionnaire

Online

King's College London

Neurodivergent students make up a significant proportion of those at University but we understand little of their experiences. To understand, we need research but before we can do the research, we need to know what the research priorities to be. In this super quick study we ask you to share anonymously your ideas for research priorities within Higher Education for neurodiversity work.
